ARKANSAS

Certified Seed Growers

of

SMALL GRAINS

from the

SPRING HARVEST

2014

A R K A N S A S
S T A T E P L A N T B O A R D

THE GROWERS LISTED HEREIN HAVE APPLIED FOR CERTIFICATION ON THE VARIOUS CROP VARIETIES. ALL ARE SUBJECT TO FIELD AND STORAGE INSPECTIONS AS WELL AS SEED LABORATORY ANALYSIS BEFORE BEING ALLOWED TO CARRY THE OFFICIAL ARKANSAS CERTIFICATION LABEL. (Listing of a grower does not imply all requirements have been met at the time of publication.)

EACH GROWER HAD THE OPTION TO HAVE THEIR ACREAGE PUBLISHED IN THIS DIRECTORY. IF THE GROWER ELECTED NOT TO HAVE THEIR ACREAGE PUBLISHED, THEN **"FD" (FOUNDATION), "REG" (REGISTERED), OR "BT" (CERTIFIED BLUE-TAG)** WAS PLACED UNDER THE APPROPRIATE CLASS.

The Arkansas State Plant Board Web Site is: http://plantboard.arkansas.gov. The Certified Seed Growers Directory information is now listed under the Seed Division's link (http://plantboard.arkansas.gov/Seed/Pages/default.aspx) to provide you with faster updates for the Certified Seed Growers Directory information.

PLEASE CONTACT ANY ONE OF THE FOLLOWING PLANT BOARD STAFF IF YOU HAVE ANY QUESTIONS OR COMMENTS:

SEED DIVISION DIRECTOR..... MARY SMITH

ADMINISTRATIVE ASSISTANT..... MARCHALL CASTER

SEED CERTIFICATION MANAGER..... JAMES CHASTAIN

SEED LABORATORY MANAGER..... AARON PALMER

SEED PROTECTION: RIGHTS AND RESPONSIBILITIES

DEFINITIONS:

1970 Plant Variety Protection Act (PVPA) - Legislation enacted to promote the development of new varieties by allowing the variety owner to determine who may sell seed of the variety. Farmers may save seed for their own planting needs and sell that amount to a neighbor, if plans for that variety change. All seed sales must comply with state seed laws. Applies to all varieties protected prior to April 4, 1995.

1994 Amended PVPA - Amendment to the Plant Variety Protection Act that prohibits the sale of any farmer saved seed without the permission of the variety owner. It also extends protection to tuber reproduced plants, varieties essentially derived from the variety, and harvested material of the variety. Seed protected under the 1994 PVPA must be sold by variety name (except for turf, forage, alfalfa & clover). Length of protection was increased to 20 years for most kinds, 25 years for trees, shrubs and vines. Applies to all varieties protected after April 4, 1995.

Title V - an option for protected varieties that allows for the sale of the seed by variety name only as a class of certified seed. Non-certified sales are prohibited. Seed may be called "Certified" only after meeting all requirements and standards of an Official Seed Certifying Agency.

Utility Patents - A means of protection for certain varieties, especially those developed through genetic engineering or biotechnology. Farmers may not save, clean/condition, or sell any seed protected under a utility patent.

	'70 PVPA	'94 PVPA	TITLE V	PATENT

***Limited to the amount of seed needed to plant a farmers own holdings (land owned, leased or rented).**

For further information, call the Plant Board Seed Division at (501) 225-1598.

QUESTIONS and ANSWERS ON PLANT VARIETY PROTECTION

Q. What are the benefits of Plant Variety Protection for farmers?

A. The Plant Variety Protection Act was designed to promote the development of new varieties. Allowing Plant Breeders to determine who can sell seed of the varieties developed gives them the ability to recoup the monies expended in the process and re-invest in future variety development programs.

Researchers estimate that as much as 65% of increased performance in agricultural crops is due to improved genetics. Since 1950, the number of varieties available for Arkansas' major crops have more than tripled! Besides increases in yield, there have been improvements in disease and pest resistance, and varieties that are adapted to various soil types and production practices.

Q. What changes were made when the Plant Variety Protection Act was amended in 1994?

A. The major provisions of the 1994 PVPA:

- Prohibits the sale of any farmer saved seed without the permission of the variety owner.
- Requires that protected varieties be sold by variety name.
- Extends protection to tuber reproduced plants, varieties essentially derived from the variety, and harvested material of the variety.
- Increased length of protection to 20 years for most kinds, 25 years for trees, shrubs and vines.

Q. How can I tell if the seed I buy is protected under the 1970 or 1994 PVP?

A. The label on the bag of seed will clearly identify if the seed is protected and distinguish which Act it is protected under.

Q. Can a farmer save seed of a protected variety?

A. A farmer can save seed protected under both the 1970 and 1994 PVPA for planting on his own holdings (land owned, leased or rented).

Q. Can a farmer sell seed of a protected variety?

A. Under the 1970 PVPA - Yes, but only the amount needed to plant his own holdings.
Under the 1994 PVPA - No, unless permission is given by the variety owner.

Q. Can I clean seed for a farmer?

A. Any actions taken as a step in marketing farmer-saved seed are infringements of the rights of the owner. This can include cleaning excess seed or delivering seed to a third party. Under the 1994 PVPA, cleaning or storing farmer saved seed for sale are infringements. Anyone who cleans or conditions farmer saved seed should keep written documentation from the farmer stating that the seed being cleaned is not in violation of PVP laws or Patents.

Q. What does PVP Title V protection mean?

A. If this option is selected by the variety owner, it means the variety must be sold as a class of certified seed. Title V of the Federal Seed Act makes sales of non-certified seed of these varieties illegal.

TRANSFERING WHEAT FROM ONE CERTIFIED GROWER TO ANOTHER

USE OF BULK TRANSFERS IN CERTIFICATION

PURPOSE:

Bulk Transfer forms are used in the certification process to transfer ownership of seed in the certification program from one certified grower / dealer to another. The original intent was for unconditioned seed to be transferred, although this process can be used on cleaned seed. The certified grower / dealer who receives the seed is responsible for completing the certification process on the seed. This includes having an inspector send in a sample for complete analysis.

FORMS:

Form 24 (Intrastate -within AR-) Bulk Seed Transfer
Form 24 A (Interstate -between states-) Bulk Seed Transfer

PROCESS:

Seller -

1. The Bulk Transfer document (form 24) must accompany the shipment of seed.
2. The seller completes the top portion of the form. This lists the name & address of the original producer, the seller (if different) and the buyer, as well as a description of the kind, variety, grade applied for, lot #, number of bushels in the shipment and date.
3. The seller makes a copy of the document and immediately faxes or sends to the Plant Board.

Buyer -

1. The buyer completes the lower portion of the form that came with the shipment. This lists the date the shipment is received, the number of bushels, the transfer of authority for issuance of certification labels, and the buyer's signature/date.
2. The buyer immediately sends the completed form to the Plant Board.
3. The buyer is responsible for completion of certification which includes a complete analysis and bagging/tagging in compliance with certification regulations.
4. If the buyer decides not to complete the certification process and sells the seed as non-certified (if eligible), then he is responsible for complying with regulations regarding an AR Seed Dealer's license and payment of tonnage fees, as well as all labeling requirements.

FORM 24 (rev 06/09)

BULK TRANSFER OF SEED PENDING CERTIFICATION

Use this document to transfer seed certification responsibilities from one **Arkansas Certified Seed Grower** to another. SEED APPLICANT or SELLER, complete sections 1, 2, 3, and 4. BUYER, complete section 5. This document must accompany the shipment of seed.

1

SEED DESCRIPTION	KIND		YEAR HARVESTED	
	VARIETY		BUSHELS SHIPPED	
	LOT / BIN #		TYPE OF SEED CONTAINER:	True Bulk
	CLASS			Work Bags
STAGE OF CONDITIONING:

Selling BULK WHEAT on a BULK CERTIFICATE

WHO CAN SELL BULK CERTIFIED WHEAT?
Questions? Need an application? Call the Plant Board Seed Division (501) 225-1598

1. CERTIFIED GROWERS/DEALERS THAT HAVE APPLIED FOR CERTIFICATION AND HAVE RECEIVED ANALYSIS REPORTS ASSIGNING CERTIFIED (BT GRADE).

WHAT DO I NEED TO DO TO GET STARTED?

A) Read and become familiar with the regulations regarding bulk sales of wheat.

B) Fill out the **application form for approval to sell bulk certified wheat** **(Form 20-BU/WT)**. List your certification permit number (must be currently in force). If you have more than one location that you wish to sell bulk certified wheat from, you must complete a form for each location and send in $10 for a Certification Permit for that location. A Certification Permit number will be assigned, and you will receive a Certification Permit Certificate. (Certification Permits expire June 30th each year and must be renewed.)

C) Call the Certification Office and request the number of Bulk Certified Seed Certificates you think you will need. These will be serially numbered and cost $0.25 cents each. (Any unused bulk certificates remaining at the end of the season will be returned to the Certification Office (no refunds).

D) Follow the processes outlined for selling bulk certified wheat.

2. RETAIL SEED FACILITIES THAT ARE NOT CERTIFIED PRODUCER/DEALERS

WHAT DO I NEED TO DO TO SELL BULK CERTIFIED WHEAT FROM MY FACILITY?

A) Read and become familiar with the regulations regarding bulk sales of wheat.

B) At least one week before needed, fill out the application **(Form 20-BU/WT Retail)** for approval to sell bulk certified wheat. A certification permit number will be assigned and you will receive a Certification Permit Certificate. (Certification Permits expire June 30th each year and must be renewed.)

C) If you have bulk storage bins, a Plant Board Inspector will check your facility to see if acceptable procedures are in place for receiving, storing, dispensing and record keeping for maintaining identity of the seed.

D) After Approval, call the Certification Office and request the number of Bulk Certified Seed Certificates you think you will need. These will be serially numbered and cost $0.25 cents each. (Any unused bulk certificates remaining at the end of the season will be returned to the Certification Office (no refunds).

E) Follow the processes outlined for selling bulk certified wheat.
